Extracts from the Journals of a CONVEN-

64 TION, began and held for the District of Kentucky, at the Court-house in Danville, in the County of Mercer. on Monday the 26th. day of July 1790.

RESOLVED, That it is expedient for, and the will of the good people of the District of Kentucky, that the same be erected into an Independent State on the terms and conditions specified in an act of the Virginia Assembly passed the 18th day of December 1789 entitled "an act concerning the erection of the District of Kentucky into an Independent State."

RESOLVED, That we the Representatives of the people of Kentucky duly elected in pursuance of an act of the Legislature of Virginia, passed the 18th day of December 1789 entitled "an act concerning the erection of the District of Kentucky into an Independent State," and now met in Convention having with full powers maturely investigated the expediency of the proposed separation on the terms and conditions specified in the above recited act; do by these presents and in behalf of the people of Kentucky accept the terms and conditions, and do declare that on the 1st. day of June 1792, the said District of Kentucky shall become a State separate from and Independent of the Government of Virginia, and that the said articles become a solemn compact binding on the said people.

Mr. Bullitt reported an address to the Assembly of Virginia which was agreed to as follows, viz:

To the Honorable the Speaker and House of Representatives of the State of Virginia.

GENTLEMEN,

By the enclosed copy of our proceedings you will be informed that the good people of the District of Kentucky, think it expedient that the same be separate from and independent of the State of Virginia. You will also be informed of the period at which the power of the State of Virginia over the said District will cease.

We cannot signify this our determination, without feeling and expressing the warmest gratitude for your constant and unwearied attention to our interest, and your unintermitted indulgence to us in all our wishes.

It remains for us to express our hopes, that the same friendship which you have shewn us, as brethren belonging to the same government, will be continued to us when that close connection which has hitherto united us, shall be dissolved, and to give you the strongest assurances that the interest of the Government

and the welfare of the citizens of Virginia shall ever be among the things most dear to us. We have the honor to be

Gentlemen, with the
Highest respect &c.

Mr. James Marshall reported a memorial to the Congress of the United States which being read, was agreed to as follows, viz: To the President and the honorable the Congress of the United States of America.

The Memorial of the Representatives of the people of Kentucky in Convention assembled, pursuant to an act of the Legislature of Virginia, passed the 18th. day of December 1789, entitled "an act concerning the erection of the District of Kentucky into an Independent State," humbly sheweth. That the inhabitants of this Country are as warmly devoted to the American union, and as firmly attached to the present happy establishment of the Federal government as any of the citizens of the United States.

That migrating from thence they have with great hazard and difficulty effected their present settlements. The hope of increasing numbers could alone have supported the early adventurers under those arduous exertions; they have the satisfaction to find these hopes verified. At this day the population and strength of this Country render it fully able in the opinion of your memorialists to form and support an efficient domestic Government.

The inconveniences resulting from its local situation as a part of Virginia at first but little felt, have for some time been objects of their most serious consideration; which occasioned application to the Legislature of Virginia for redress.

Here your Memorialists would acknowledge with peculiar pleasure the benevolence of Virginia in permitting them to remove the evils arising from that source by assuming upon themselves a state of independence.

This they have thought expedient to do on the terms and conditions stipulated in the above recited act; and have fixed on the first day of June 1792, as the period when the said Independence shall commence.—It now remains with the President and the Congress of the United States to sanction these proceedings, by an act of their honorable Legislature, prior to the first day of November 1791, for the purpose of receiving into the Federal Union, the people of Kentucky, by the name of the State of Kentucky.

Should this determination of your Memorialists meet the approbation of the General Government they have to call a convention to form a constitution, subsequent to the act of Congress and prior to the day fixed for the independence of this Country.

When your Memorialists reflect on the present comprehensive system of Federal Government and also when they reflect the determination of a former Congress on this subject they are left without a doubt that the

object of their wishes will be accomplished, and your Memorialists as duty bound shall for ever pray.

Whereas the present convention for the District of Kentucky freely elected under an act of the Assembly of Virginia intitled "an act concerning the erection of the District of Kentucky into an independent State" has declared it expedient for and the will of the good people that the said District shall become a State separate from and independent of the government of Virginia and it therefore becomes necessary that a Convention be called for the purpose of framing a Constitution or form of government for the said District.

RESOLVED Therefore that in the month of December 1791, on the respective court days of the counties within the said district and at the respective places of holding courts therein, Representatives to continue in appointment for seven months shall be elected by the free male inhabitants of each county above the age of twenty one years, in like manner as the delegates to this present Convention have been elected in the proportions following. In the county of Jefferson shall be elected five representatives. In the county of Nelson five Representatives. In the County of Mercer, five Representatives. In the County of Lincoln five Representatives. In the County of Madison five Representatives. In the County of Fayette five Representatives. In the County of Woodford five Representatives. In the County of Bourbon five Representatives. And in the County of Mason five Representatives. Provided, that no person shall vote in any County except that in which he resides and that no person shall be capable of being elected unless he has been a resident within the said District at least one year. Each of the Officers holding such elections shall continue the same from day to day, passing over Sunday, for five days including the first day, and shall cause this resolution to be read each day immediately preceding the opening of the election at the door of the Court-house or other convenient place; each of the officers shall deliver to each duly elected a Representative, a certificate of his election and shall transmit a general return to the Clerk of the Supreme Court to be by him laid before the Convention. For every neglect of any of the duties hereby enjoined on such officers, he shall forfeit one hundred pounds to be recovered by action of debt by any person suing for the same. The said Convention shall be held at Danville on the first Monday in April and shall and may proceed, after choosing a President and other proper officers and settling the proper rules of proceeding, to frame and establish a constitution or form of Government and also to declare what laws shall remain in force, until altered or abrogated by the Legislative Authority acting under the Constitution so to be framed and established. Provided however, that five members aj-

sembled shall be a sufficient number to adjourn from day to day and to issue writs for supplying vacancies which may happen from deaths, resignations or refusals to act. Provided also that in case of the absence, death, resignation or refusal to act of any of the Officers, appointed by this resolution to hold the said elections; any Magistrate who shall chuse to act, in any County where such absence, death, resignation or refusal to act shall happen, may proceed to hold such election under the same rules as such Officer should or might have held it.

RESOLVED, That a copy of the proceedings of this Convention be by the clerk transmitted to the Printer of the Kentucky Gazette, who is hereby requested to publish the same for two weeks successively in his paper for the information of the people.
